

### **Recommended skill sets for the Nga Potiki Board**

The Board is responsible for the management of the Nga Potiki Settlement on behalf of our registered members. A summary strategic plan and vision is available from the office on request. In summary, our current priorities include the provision of market and affordable housing options for our people; educational programmes to assist our tamariki educational achievement and performance; resource management to enhance and protect our environment. Going forward and as we grow our settlement putea we will focus on social and cultural priorities and investigate other commercial ventures to increase the putea and provide employment and training opportunities for our whanau. If you are interested in assisting in these areas, we encourage you to lodge your nomination to the Nga Potiki office by 14 January 2019.

### **Sought after skills and experience**

The work of the Board is varied involving decision making across many different disciplines for example negotiating and developing the shared equity housing scheme; understanding legal and commercial arrangements; reviewing planning documents and reports; financial information and budgets. Relationships are very important and being able to work together as a cohesive supportive Board is very important. We need team players who can add value to the Nga Potiki kaupapa. We take this opportunity to identify the types of skills that we consider we need on our Board:

- Team player committed to Nga Potiki
- Aligned with current priorities and direction of the Board
- Has experience in Governance positions
- Understands how to read financial accounts and set budgets
- Commercial/banking/tourism experience
- Can commit to attend meetings every fortnight through 2019 and ensure to attend in person at least once a month.
